SAWGRASS MARRIOTT - THE PLAYERS STADIUM

PONTE VEDRA BEACH, FL

Regarded as Pete Dye's masterpiece, THE PLAYERS Stadium Course has become the crown jewel of the courses played on the PGA TOUR. Before the course came along in 1980, few golf courses that hosted major golf events were accessible to the general public. Now there are some 21 TPC Courses available to the public in the U.S. Many golfers remember that the layout was very controversial when it first opened because it was so difficult. However, Dye listened and made changes to soften the course and make it "more fair." Through the years, there is no question that it has become one of the most popular courses with the Players. Huge mounds bordering the fairways provide an amphitheater type of setting making players feel like they are on center stage. You'll feel that way too, especially as you attempt to keep on dry land on the infamous 17th island green.

About Trump National Doral - Blue Monster (Miami, FL)

With architect Gil Hanse at the helm, the historic Blue Monster has undergone a complete redesign and is now a totally new golf course. At 7,510 yards from the tips, the course lives up to its monstrous moniker and has once again established itself as one of the most challenging and spectacular courses you'll ever play. Hanse genius design features strategically placed deep bunkers, long flowing fairways, interesting undulating greens, deep Bermuda rough, and a challenging assortment of water hazards. You're going to love the incredible changes to the Blue Monster at Trump National Doral! The famous 18th hole was ranked by GOLF Magazine as one of the Top 100 Holes in the World. It is no surprise that virtually every great name in golf has had a moment of glorious personal triumph on this world-class golf course in Miami. Nor is it any surprise that it has once again secured its status as the current and future home to the World Golf Championships- Cadillac Championship.

Trump National Doral - Red Tiger

The spectacular Red Tiger golf course, given its name by the late, great Jackie Gleason, just may have undergone the most dramatic change of any of the course renovations at Trump National Doral. Due to the talents of the Gil Hanse design team, the Red is an exciting challenge for the average golfer but also a surprising test for the more expert player. Set on just 120 acres, its primary design resembles a New England style course but the different varieties of palm trees throughout give

it its distinctive South Florida personality. While the goal of every tee shot should be to take advantage of the gently contoured fairways, the subtle undulation of the small scaled greens require both bold and accurate shotmaking.
